Mike Lopker
Deputy Director

Dear Crisp Hill and Upper Campbell Area Owners,

Lucinda Andreani
Deputy Director

Due to construction issues with the Crisp Hill Crossing Project, Campbell Avenue will be closed from April 22 to May 27 to allow for installation of the new box culvert crossing Campbell Avenue. During this period, traffic will be detoured utilizing Homestead Lane/Crisp Hill Road (see attached diagram).

Randy Ryan, PE
County Engineer

We apologize for the short notice regarding this detour. After conversations with our contractor, however, we believe it is necessary both for public safety and to meet the required June 30th construction completion date. The contractor is required to provide dust abatement on all roads impacted by the detour.

Mike Kearly, PE
Assistant County Engineer

Ted Wolff
Maintenance
Superintendent

A diagram of the detour is attached for your information. To learn more about the Crisp Hill Crossing Project, please visit the Schultz Flood web page at <http://www.coconino.az.gov/index.aspx?NID=641>.

Ron Hollamon
Solid Waste Manager

If you have any questions, then please contact the County's Flood Hotline at (928) 679-8390 or email at schultzmitigation@coconino.az.gov.

Byron Browning
Fleet Services Manager

George Sereno
Water/Wastewater
Operations Manager

Again, I apologize for this late notice and ask for your patience and cooperation. As with all construction projects, the safety of residents, motorists and work crews is our primary concern.

Robert Rowley
Emergency Manager

Sincerely,

Minerva Ramirez-Lopez
Administrative Manager

Dustin Woodman
Program Manager

Lucinda Andreani
Deputy Director, Public Works

Marc Della Rocca
Community Relations
Manager
